

Subject Index

- Abnormal psychology, 90
Abuse, child, 86, 105, 153
Academic competence. *See* Intelligence;
Schools
Adoption, 71, 73–76, 320
African Americans. *See* Racial and ethnic
groups
Age and crime, 106, 206, 284, 286–99, 308.
See also Developmental criminology
Alcohol, 74, 75, 76, 83–84, 86, 163, 168, 213,
229, 320, 323. *See also* Drugs
Anger, 86, 106, 168, 173–74, 194, 278, 322.
See also Frustration; Anxiety
Anomie. *See also* Normlessness; Values
Durkheim's theory, 123, 126, 130–32,
135–39, 325
Merton's theory, 160–64, 172–73, 304
Messner and Rosenfeld's theory, 175–77
Sutherland's theory and, 334
Anonymity, 30, 152, 327, 328, 330
Antisocial personality disorder, 99–101. *See
also* Psychopathy
Anxiety, 81–82, 86, 106, 173, 266, 320, 322,
323. *See also* Anger; Frustration
Appearance, physical, 32, 40–51, 146, 318–19
Aspirations, 159, 170–73, 210
Association, differential. *See* Differential asso-
ciation theory
Attachments. *See* Control Theory; Family;
Schools
Atavistic criminal, Lombroso's theory of,
32–35
Autonomic nervous system, 81–83, 320,
323

Behavior of law, Black's theory of, 248–52
Behavior of criminal law, 7, 9–12, 255, 316,
331–34, 335
conflict criminology, 235–59
control-ology, 231–33
Marxist theories, 264–66
social reaction theories, 227–31
Sutherland's theory, 199

Behaviorism
in Beccaria's theory, 26
in learning theories, 181, 182
Beliefs and Ideas. *See also* Cognitive and ver-
bal skills; Culture; Expectations; Norms;
Thinking patterns; Values
control theory, 206–7, 208, 210–11, 322
cultural and subcultural theories, 189–95
deviant, 228
differential association theory, 184–89,
196–200, 238
identity, criminal, 146, 220–25
interactional theory, 294
Wilson and Herrnstein's theory, 104
Biological factors, 8, 40, 68–87, 180, 279, 309,
320–21, 322, 323. *See also* Evolution;
Genetics; Intelligence; Physical appearance
Biosocial theories, 69, 70–71, 79, 87, 324. *See
also* Biological factors; Social factors
Birth complications, 83, 86–87, 105, 321, 323
Blacks. *See* Racial and ethnic groups
Body type theories, 46–50, 319
"Born" criminal, Lombroso's theory of, 34–35,
43–44
Brain
allergies, 98–99
autonomic nervous system, 81–82, 320, 323
central nervous system, 79–80
dysfunction, 100–3
head shape, 41–44
injuries and damage, 83, 85–86, 100–1, 321,
323
lead toxicity, 85, 321, 323
neurotransmitters, 76–77, 320, 323
Business cycle, 108, 109–10, 111

Capital punishment, 20, 24–45, 231
Capital, social, 151–52, 298
Capitalist economic system, 261–69, 329
Career criminals, 222, 285
criminal careers, 284, 285–91
criminal propensity, 288–89, 290, 293
secondary deviance, 222, 292

- Causes of criminal behavior. *See also* Biological factors; Positivist theories; Psychological factors; Social factors
 correlation vs. causation, 118–19, 318, 319
 and classical criminology, 25–26, 27–28, 33, 37–38
 as a frame of reference, 8, 10, 12
 individual- vs. societal-level theories, 35–36
 multiple factor approach, 8, 33, 37–39, 87, 314
- Central nervous system, 79–80, 320, 323
- Cerebral allergies, 98–99
- Change, rapid social, 30, 122–24, 130, 137, 140, 147, 158, 325. *See also* Anomie; Ecological theories

- Church and religion, 132, 204
- Class. *See also* Economic inequality; Poverty; White collar crime
 adoption and, 75
 conflict theories, 241, 246–47
 cultural and subcultural theories, 189–94
 control theory, 209, 211
 developmental theories, 297
 differential association theory, 199, 331
 lower class culture, 118, 151, 189–90, 191, 194, 211, 322, 333
 Marxist theories, 261–64, 266
 middle class culture and values, 159, 165–68, 189–90, 229, 294
 power and, 241, 246–47
 race, IQ and, 60–61, 63, 65–66
 social reaction theories, 229
 strain theories, 158, 160, 162, 165–69, 170–71
 underclass, 121
- Classical conditioning, 82–83, 181, 240
- Classical criminology, 7, 8, 14–26, 312
 Durkheim's theory and, 123, 135, 137
 as a frame of reference, 7, 8, 10, 12
 and Merton's theory, 162, 172
 Marx's theory and, 263
 positivist theories and, 25–26, 27–28, 32, 37–38, 317
- Cognitive and verbal skills, 62–63, 86, 193, 320, 323
- Communities, local, 117–18, 121–22. *See also* Neighborhoods; Social Disorganization
- Conditioning
 classical, 82–83, 181, 240
 operant, 181–82, 195–96
- Conflict criminology, 235–59, 331–32, 333
 control theories and, 258
 critical theories and, 260, 274
 culture conflict, 147, 186, 187, 235–36
 social reaction theories and, 233–34
- Conscience, 82, 91–92, 93, 103. *See also* Control perspective; Techniques of neutralization
 alcohol and inhibitions, 84
 guilt, 206, 207
- Conscience, 82, 91–92, 93, 103. *See also* Control perspective
- Consensus vs. conflict, 235–36, 240, 242, 265
- Control balance theory, 226, 304–8, 329, 330
- Control-ology, 231–33
- Control perspective, 201
 alcohol and release of inhibitions, 84
 autonomic nervous system, 82–83
 control theories, 201–18
 Durkheim's theory, 123, 130–32
 phrenology, 41–42
 psychoanalytic theory, 93–95, 103–6
- Control theories, 201–18, 322–23, 330
 conflict theories and, 258, 333
 criminal careers and, 291, 292
 Durkheim's theory and, 123, 135, 138–39
 ecological theory and, 143, 146–47
 integrated theories and, 301–3, 304, 310, 312
 interactional theory and, 294, 296
 Marxist theories and, 267
 power-control theory and, 248
 self-control theory, 213–17, 313, 333, 334
 shaming and, 203–4
 control balance theory and, 304–5
- Control and power in criminals, 50, 104, 226
- Correlation vs. causation, 118–19, 318, 319
- Criminal careers, 284, 285–91
 career criminals, 222, 285
 vs. criminal propensity, 288–89, 290, 293
- Criminal justice system
 conflict theories, 242–45, 247, 251, 254, 255
 control-ology, 231–33
 critical theories, 264–66, 268–69, 272–73, 275–76
- Criminal self-image, 146, 219
- Criminal law
 Beccaria's theory, 17–25
 behavior of, 7, 9–12, 255, 316, 331–34, 335
 conflict criminology, 237, 242–43, 245–46, 253–54
 control-ology, 231–33
 Durkheim's theory, 125–26
 Marxist theories, 264–66
 social reaction theories, 227–31
 Sutherland's theory, 199
- Criminalization, Turk's theory of, 240–41, 245
- Critical criminology, 260–83
- "Cultural deviance" theory, 179n. 1, 310–11, 312, 330
- Cultural transmission, 146
- Cultural values. *See* Culture; Values
- Culture. *See also* Values; Expectations; Beliefs and Ideas; Norms; Thinking patterns

- conflict theories and, 240, 245–46, 249, 250, 281
- control theories and, 209, 210, 211
- culture conflict, 147, 186, 187, 235–36
- cultural and subcultural theories, 189–95, 303–4, 311, 322, 324
- IQ test bias, 59, 64
- lower class culture, 118, 151, 189–90, 191, 194, 211, 322, 333
- middle class culture, 159, 165–68, 189–90, 229, 294
- rural culture and violence, 134–35, 138, 326
- strain theories and, 158–63, 170–71, 172, 175–77, 326–27
- Death penalty, 20, 24–25, 231
- Defectiveness and inferiority, 32–33, 40, 45, 52, 56–67, 69, 97, 127, 198
- Definition of the situation, 185–86, 190, 221
- Definitions favorable to law violation, 184–89, 196–200, 238. *See also* Beliefs and Ideas; Culture; Differential association theory; Expectations; Norms; Thinking patterns; Values
- Definitions of crime and criminals, 6–12, 45, 213, 215, 238, 239, 273, 332–33
- Delayed gratification vs. immediate, 64, 103–4, 105, 159, 160, 166, 213, 216, 322, 323, 332, 334. *See also* Impulsivity; Thinking patterns
- Density, 118, 150, 151, 190
- Determinism vs. Free Will, 7–8, 25–26, 31–32, 37, 42, 87
- Deterrence, 7, 224, 231, 304, 307. *See also* Punishment
- Deviance and social reaction, 227–31
 conflict theories and, 233–34, 258–59
 control balance and, 305–6
 Durkheim's theory, 126–29
- Development and modernization, 123–39, 155–56, 197, 325–26, 327, 329
- Developmental criminology, 103, 284–99, 308
- Diet and nutrition, 77, 84–85
- Differential association theory, 183–89
 conflict theories and, 239
 control theories and, 209, 210
 criminal careers and, 291
 developmental theories and, 294
 ecological theory and, 146
 integrated theories and, 303, 304, 323
 social learning and, 196, 197
 strain theories and, 165, 167
- Differential reinforcement theory. *See* Social learning theory
- Differential social organization, 186
- Differentiation and heterogeneity, 236, 245, 253
- morphology, 249, 250
- Disorganization, social, 142–48, 151, 156, 186, 197, 304, 309, 327–28, 330
- Dopamine, 76–77
- Drift, 205–7
- Drugs, 74, 77, 83–84, 105, 118, 151, 168, 163, 174, 228–29, 247–48, 269, 291, 320, 323
- Ecological theories, 140–57
 differential association theory and, 186
 Durkheim and, 123, 135
 evolutionary ecology theory, 308–10
 Guerry, 28–29
 strain theory and, 167
- Ecological fallacy, 325
- Economic conditions and crime, 108–22
 Durkheim's theory and, 130–36
 ecological theories and, 144
 Marxist theories and, 261–69, 282
- Economic inequality, 26, 108, 109, 119–20, 136–37, 197, 245, 249, 282, 326, 327, 329. *See also* Conflict criminology; Inequality; Marxist criminology
- Economic institutions, dominance of, 175–76
- Education, 26, 29, 31, 62, 70, 102, 110, 159, 160, 231, 250, 251. *See also* Schools
