Milady's Illustrated Cosmetology Dictionary, Second Edition contains a complete listing of modern words and phrases commonly used in connection with cosmetology and its related fields. The terms are defined in their sense of relationship to anatomy, cosmetic chemistry, electricity, dermatology, esthetics, hair structure and chemistry, nutrition, color, massage therapy and professional skills. With approximately 4,000 concisely defined terms, this completely updated dictionary contains 150 illustrations and a "sounds-like" format that eases word pronunciation. More than 30 charts and tables contained in the appendix make this the most comprehensive cosmetology reference available.

Features

- 200 new terms have been added to this comprehensive collection of words and phrases, providing a current and valuable assessment of new products and procedures in cosmetology and related fields
- 150 new line illustrations provide a pictorial reference to key terms
- "sounds-like" guidelines make terms easy to pronounce
- more than 30 charts and tables make this a detailed, thorough and important reference
