PREFACE TO THE TENTH EDITION

Interpretation of legislative enactments is a frequently arising phenomenon before courts of law. Hence, an interpretation statute becomes an absolute necessity in order to avoid repetition and ensure uniformity in respect of expressions commonly found in various enactments. The one hundred and five year old General Clauses Act has fully achieved the above objectives.

I felt extremely happy when the Publishers M/s LexisNexis-Butterworths requested me to revise the ninth edition of NS Bindra's renowned commentary on the General Clauses Act and I readily accepted the responsibility.

Not being a work of an original nature, basic changes in the treatment of the subject could not be made. With the relevant case law at the appropriate places highlighting the legal principles, I am confident this 10th edn will be received well and found useful by the Bench and the legal practitioners.

My task has been lessened by the immense assistance received from Dr N Maheshwara Swamy, Lecturer in Law, Osmania University, Hyderabad and Ms Manita Verma, Advocate, Supreme Court of India, New Delhi, to whom I am grateful.

PREFACE TO THE NINTH EDITION

I have great pleasure in placing the ninth edition of the renowned book viz *NS Bindra's General Clauses Act* in the hands of the readers. Every effort has been made to up-to-date the book in all respects. While maintaining its originality, I have incorporated the latest cases of the Supreme Court and High Courts of India, and have excised all redundant matter. Many new state legislations have been added in the appendices supported by case law wherever necessary. Errors and omissions wherever found, have been removed to the best of my ability.

The General Clauses Act is a very important piece of legislation in the present day judicial world, therefore, thorough knowledge of the Act is of vital importance while interpreting the laws. The drafters and framers of law also get immediate assistance from the Act because their job is made easier in preparing the Draft Bills.

In conclusion, it is hoped that this edition will prove as unique and popular as the preceding ones.

PREFACE TO THE FIRST EDITION

The General Clauses Act is a statute of interpretation of statutes and therefore, necessarily features in the treatment of the law of interpretation of statutes. In my treatise on Interpretation of Statutes, I have had to comment on the General Clauses Act. There is the Central Act, and there is the State General Clauses Act passed by each of the states comprising India with such variations as the state laws and customs need.

Herein, I have commented on the Central General Clauses Act, and in order to invest it with a general and maximum utility for all the states of India, as Appendices, I have given all the General Clauses Acts of all the states of India, as modified and amended up to the date of publication.

All the up-to-date decisions given under the General Clauses Act (Central) have been noticed.
